## WildeBoekenMarkt WildBookMarket

Het Wilde Weten extended an invitation to artists and small, independent publishers to present their publication(s) at the WildBookMarket (WBM).

WBM is being staged during Art Rotterdam 2010.

Nowadays the art(ist's) book encompasses and reflects every imaginable form of presentation and publication as well as different modes of distribution.

In view of an explosive growth in the phenomenon of art(ist's) publications and the number of publishers, Het Wilde Weten is presenting a selection during the WBM. The WBM represents an ideal opportunity to explore, bring along or exchange art(ist's) books.

Het Wilde Weten will be showing books published between 2010 and 2006.
